

**HB-Laserkomponenten GmbH**  
**Speech for the ILDA Award Show**

Ladies and Gentlemen, dear Laserists,

First of all, we regret that we are not in the position to take part at this year's ILDA conference in China, as we are busy with a huge installation in Germany as well as with the preparation of two important exhibitions.

This year, our company has won 3 ILDA awards for our lasershows. We are very happy about this and would like to say thank you to the ILDA. As this year's conference takes place in China, we are especially proud of the first place for our lasershow for the Tenglong Cave in Wuhan, the biggest cave in China.

Furthermore, it's an honour for us to win the Fenning-Award for technical achievement for our LightCube 12 RGB. We are proud that this outstanding technology is already used worldwide.

Finally, we send you all our best wishes to China and hope to join you next year.

Dipl.-Ing. Lutz Bartl
